Dr Mayuri Pandya

Director

GLS Law College

Greetings from Faculty of Law, GLS University

GLS University's vision is to foster excellence in the field of education. Taking this vision forward, Gujarat Law Society, the sponsoring body of GLS University, since its inception in 1927, has distinguished itself by its excellent academic programme's delivery, faculty acquaintance, Corporate Partners, Global Strategic Alliances, Visionary Leaders. Gujarat Law Society, since last 95 years, has had an unmatched legacy in imparting legal education and Faculty of Law (FOL) under the aegis of GLS University, in a short span has catered to this immensely growing need of quality legal education.

Faculty of Law offers five years integrated law programmes in B.A.LL.B. and B.B.A..LL.B. (Hons.) at undergraduate level and at masters level One Year LL.M. in the areas of Criminal and Security Law and Corporate and Commercial Laws.

Here at FOL, we provide a rich set of curricular and co-curricular opportunities for the students to explore and act upon, thereby developing various skills, values and virtues of Legal Education that would aid them to shine in their profession of law. Discipline, Values and Integrity are the very foundation of our institution. We aim to not just impart knowledge to the students, but also to inculcate in them - wisdom, compassion and a humanitarian spirit.

We are committed to nurturing our students into qualified lawyers and judges, bureaucrats, academicians, intellectuals, leaders and socially responsible citizens so that we contribute and endeavour to the advancement of professional expectations of legal education. There is a visible drift from 'lawyer centric, provincial, labour-intensive guild to a customer- focused, global, digitized industry'. There is transition which can be seen in legal profession which requires mustering new skill sets by the students like the emerging areas of Artificial Intelligence, Climate Change, Cyber laws, Anti-trust, Energy Laws etc. Legal Education cannot stand static and alone, thus students need to equip themselves with the tools to infuse their young brains with the ability to analyse and evolve solutions to the contemporary problems. And the Faculty of Law does just that. Enhancing and fostering young minds to question, think and react towards betterment and development of the laws governing the nation and globe as a whole.

Our Graduated Batches are already making the institution proud by achieving excellence in law and all interlinked fields and thus we invite all prospective students – these young powerful minds to come join our journey of making FOL achieve newer heights of success.

B.A. LL. B PROGRAMME STRUCTURE

Sociology (Major Subject)

Sociology is a fascinating and enlightening academic topic that examines and discusses significant issues in our daily lives, our communities, and the wider globe. Sociology looks into the social factors that contribute to and are affected by personal factors like ethnic and gender identity, family conflict, deviant behavior, ageing, and religious belief.

Sociology also investigates and explains social phenomena such as, prejudice and discrimination, crime and law, poverty and wealth, schools and education, business organisations, urban communities, and social movements. At the same time, it examines issues like population expansion and migration, conflict and peace, and economic growth on a global scale. This makes sociology crucial for law students since it provides a thorough understanding of how society works, while laying the foundation for the discipline of sociology of law.

Political Science (Major Subject)

Political Science has direct links with the discipline of Law. Political Science deals with the state and government. State enacts laws to govern the citizens. Government functions on the basis of law, liberty, equality and justice. It is proved that, polity creates law and law validates politics. Thus, the understanding of law is incomplete without studying Political Science.

Psychology (Minor Subject)

Law and psychology are two separate disciplines having much in common. The aim of psychology is to understand the behaviour and law aims to control it. The Hive Hostels is more than just a roof and 4 walls-it's your comfort zone, a habitat, your own space where you can meet like-minded people, learn from them, and teach them a thing or two. Here you can express your vision and talk about your dreams and goals without being judged.

When you are here, you are Never Bored

The Hive Hostels, in simple words, is a junction of functions. From the sacred fires of Holi and Lohri to the joys of Diwali, Eid, and Christmas and even the thrills of Cricket and Football - we just need a chance to put your best clothes on and get partying!
