NURTURING GLOBAL OPPORTUNITIES WITH **EXCELLENCE & INNOVATION**

ABOUT GLS UNIVERSITY

The prime philosophy of GLS University is to provide an ideal and creative learning environment and continue the tradition of excellence in education of the sponsoring body of the University, viz... Gujarat Law Society (GLS). GLS established in the year 1927, is one of the largest and oldest educational institutions in the state of Gujarat. GLS was promoted by luminaries Sardar Vallabhbhai Patel, Shri Ganesh Mavlankar, the first Speaker of the country, and Shri I. M. Nanavati with the vision of Excellence in Education. GLS University was established in April 2015 under Gujarat Private University Act-2009. In a short span today, GLS University is a spearheaded University which provides enhanced learning experiences through their excellent academic quality, well equipped infrastructure, innovative teaching methods, creative curricular design, experienced faculty, and industry-oriented programmes.

In this VUCA (volatility, uncertainty, complexity, and ambiguity) world GLS University is accelerating their gear in diversified spheres like Commerce, Business administration, Design, Law, Computer Application, Management, Engineering, Performing Arts, Research and Technology. Students of GLS University experience the exceptional quality of education with all the curricular as well as co-curricular activities.

FROM THE DESK OF **EXECUTIVE DIRECTOR**

Dr. Chandni Kapadia
Executive Director
International Director

Dear Students,

Greetings from GLS University!!!

Socrates once said "I am not an Athenian or Greek but a citizen of the world". While today's era brings education literally to the fingertips with the increasing access to technology, it is equally important for the young minds of today to have easy access to the world class education where they could hone their passion and skills while making a career in it.

This world of education has become a melting pot of individuals and gaining knowledge with a global perspective ensures that students are exposed to different learning techniques, cultures, religions and languages, ethnic groups in such a way that it creates an enriching society and broadens the academic experience for them. While the UN has also emphasized on the importance of fostering global citizenship, it has snowballed a major shift in roles of students and teachers while bringing a transformation in which world ideas, values and knowledge are viewed as a part of information-based perspective rather than industrialist-based perspective.

GLS University School of International Studies does just that - Bringing the best of the world to its students; towards creating global citizens in an emerging world community which we all belong. Employers around the world today are seeking higher graduates with cross-cultural skills that allow them to work in diverse teams and with clients all across the globe. Different programmes with different universities involve professors and experts from corners of the world who bring their own wealth of knowledge, skills and subject specific expertise which would empower students to be readier than ever to deal with the global work requirements and a competitive edge in the marketplace.

GLS University has aimed to go international to foster a multicultural learning environment which makes it the ideal setting for increasing students' cultural awareness and nurturing their understanding and appreciation of those who come from a different background to their own. It has created opportunities for innumerable students till date by helping them reach those world class universities and education which most of the students in India can only dream of in such a way that the global concepts of subjects which interest them are integrated with their curriculum. The University has paved a path for them to adapt easily to the new curriculum of these global universities while also aiding them to complete the lengthy paperwork and integration to the new learning environment.

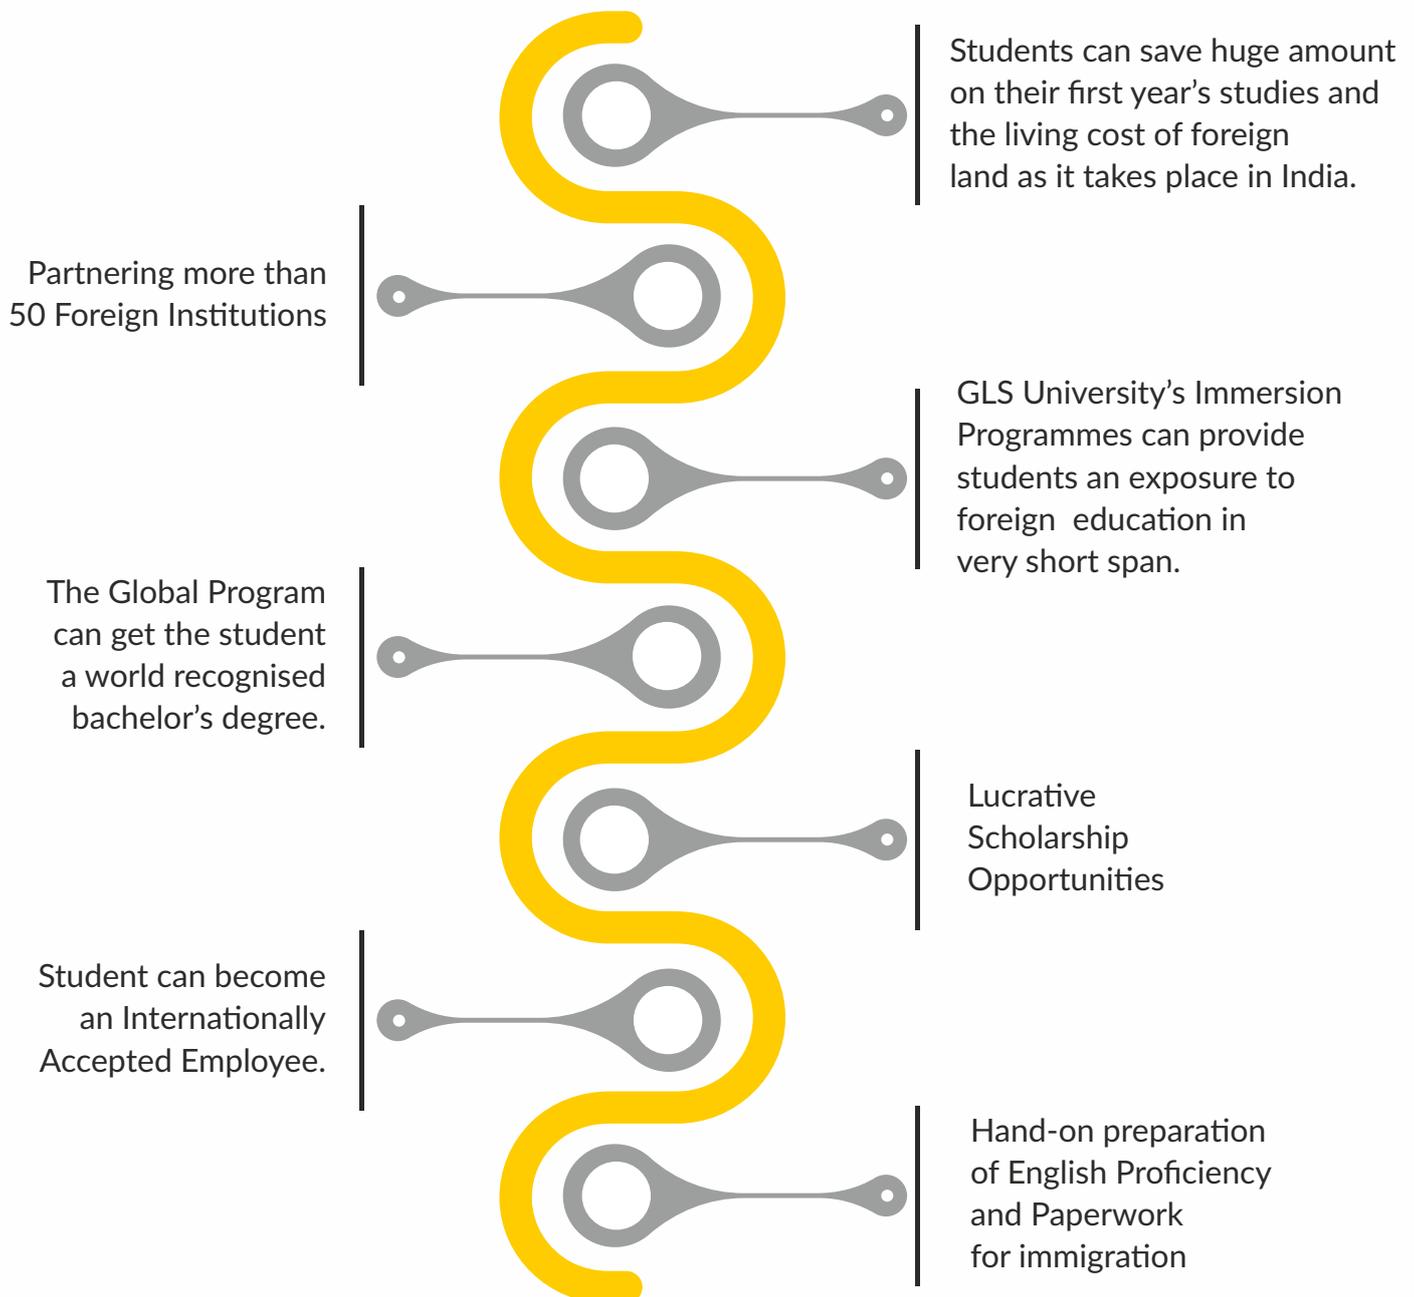

Global Education opportunities at GLS have enabled its students to take purposeful action to improve their own lives and to positively influence the world around them. Because when students are provided opportunities to investigate issues, they deem important, unpack why these issues exist, and come up with solutions to make them better, they become empowered to be the catalysts of the changes they wish to see.

Here's wishing all the students of GLS University the very best in their endeavour to study abroad and a successful life ahead.

ABOUT SCHOOL OF INTERNATIONAL STUDIES

GLS University's School of International Studies prepare and nurture the students for the Global Exposure. The department offers various global, pathway, and immersion programmes through our well-established arrangements and relations with other foreign institutions of repute.

GLOBAL PROGRAMME

The Global Programme is a program designed to help students prepare for undergraduate or graduate studies at universities in the worldwide. The program is offered by several Foreign Universities and colleges and aim to provide students with the necessary skills and knowledge to succeed in their academic studies.

Upon successful completion of the Global Programme, students are typically guaranteed admission to the foreign university's undergraduate or graduate programs, provided they meet the academic and language requirements. This can be a great option for students who may not meet the university's admission requirements on their own, but who are otherwise qualified and motivated to succeed in their academic studies.
